

SUMMARY

FRUIT GROWING

Quality assessment of 'southland' cultivar peaches according to certain technological factors of culture and storage - Constanța ALEXE, M. VINTILĂ, Simona POPESCU, Veronica TĂNASĂ, Liana-Melania DUMITRU, Gh. LĂMURANU, Lenuța CHIRA	13
Frost resistance of some sweet cherry cultivars in the Bucharest area - Adrian ASĂNICĂ, Valerica TUDOR, Jeni Veronica ȚIU	19
The growth and fructification of cherry trees depending on cutting systems - Valerian BĂLAN, Igor IVANOV	25
Research concerning the influence of different storage conditions on the preservation capacity of some new apple varieties - Lenuța CHIRA, Adrian CHIRA, Elena DELIAN, Constanța ALEXE, Lixandru Marin	29
The behaviour of some peach cultivars pertaining to the peach world collection in pedoclimatic conditions of Timișoara area - Olimpia Alina IORDĂNESCU, Adriana COSTEA	33
The behaviour of some hazelnut varieties in the south area of Timiș county in terms of external features of the fruits - Olimpia Alina IORDĂNESCU, Diana Ramona BRĂDEAN (TODOR), Aurelia BLIDARIU	39
Study on starch iodine test for determining maturation stage at several apple cultivars in correlation with climatic factors at SCDP Bistrița using a one year model by means of image analysis in imagej - Zs. JAKAB, I. PLATON, Angela FESTILA	43
The quantity of wood eliminated through cutting according to the cultivar and the shape of the head at certain nectarine tree cultivars from the R.S.F.G Constanța - Cristina MOALE	51
The behaviour of certain peach tree cultivars towards the attack of the main pathogen agents - Cristina MOALE, Corina GAVĂȚ, Leinar SEPTAR, Ligia ION	59
Influence of the drip irrigation on the physical and chemical plums characteristics - Nicoleta OLTENACU, Cătălin Viorel OLTENACU	67
Contributions regarding the apple trees genetic variability increase in the process of obtaining improving biological material - Valeria PETRE, Gheorge PETRE	71
Peculiarities of growth and fruitfulness of apple cultivars with genetic resistance to diseases grown under high density system - Gheorghe PETRE, Daniel Nicolae COMĂNESCU, Valeria PETRE	75

Biotechnological producing of natural fertilizers through microbial composting of fruit wastes - Violeta PETRE, Marian PETRE, Magdalena DUȚĂ	81
Impact of foliar fertilizer on physiological compounds in different apricot varieties - Cristina PETRIȘOR, Adrian ASĂNICĂ, Gheorghe CÂMPEANU, Adela BĂRBULESCU	87
Study on the accumulation of nutritious substances in gooseberry fruits - Parascovia SAVA	91
Agro-morpho-productivity potential of some apricot cultivars in the south-east Romanian plain - Jeni Veronica ȚIU, Sorin Mihai CÂMPEANU, Valerica TUDOR, Adrian ASĂNICĂ	95
Behavior in the Bucharest area conditions - Valerica TUDOR, Adrian ASĂNICĂ, Tudora NEAGU	101
Thinning and foliar fertilization influence on the yield of idared apple cultivar - Sergiu VĂMĂȘESCU, Valerian BĂLAN	107

VITICULTURE AND OENOLOGY

Evaluation of the quality of organically grown grapes in the viticultural center of Murfatlar - Victoria ARTEM, Arina Oana ANTOCE, Ioan NĂMOLOȘANU, Aurora RANCA, Anamaria PETRESCU	113
Evaluation of the suitability of several cultivars for organic growing in the viticultural center of Murfatlar - Victoria ARTEM, Arina Oana ANTOCE, Ioan NĂMOLOȘANU, Aurora RANCA, Anamaria PETRESCU	119
Studies regarding the food safety management system implementation in production of wine grapes - Georgeta BELENIUC, Constantin Băducă CÂMPEANU, Liliana MIRON, Claudia ȘTEFAN, Jose PARDO	125
Taxonomic identification of two yeasts strains isolated from concentrated must and suprasulfited must - Georgeta BELENIUC, Constantin Băducă CÂMPEANU, Florin AONOFRIESEI, Liviu GRIGORICĂ, Jose PARDO	129
Influence of climate variability on growth, yield and quality of grapes in the south part of Romania - Georgeta Mihaela BUCUR, L. DEJEU	133
Abundance and population dynamics of flavescence dorée phytoplasma vector <i>Scaphoideus titanus</i> Ball on abandoned grapevine in southern Romania - Constantina CHIRECEANU	139
A review of the conversion rate in monitoring the marketing performance of retail wine shops - Cătălina CHIVU, Arina Oana ANTOCE	145
Application of the conversion rate as an useful tool for assessing and monitoring the marketing performance of a wine shop - Cătălina CHIVU, Liviu DEJEU, Arina Oana ANTOCE	153
Implementation of a decision support system for acidity corrections in the framework of precision oenology - George A. COJOCARU, Arina Oana ANTOCE	163

Optimization of the alcoholic fermentation by correlating the initial sugar concentration with the inoculum size of yeasts and assimilable nitrogen requirements - George A. COJOCARU, Arina Oana ANTOCE	171
Agrotechnics applied to varieties of table grapes grown in vineyard Ștefănești-Argeș - Adriana COSTESCU, Liviu DEJEU, Violeta DINUȚĂ	181
Foundation of red wine making strategies on assessment of grapes maturation and maturity - Laura FOTESCU, Aurelia TUDORACHE, Elena BRÎNDUȘE	185
Assessment of genotypes and elites of grape vines <i>on farm</i> identified in Drăgășani vineyard - Sergiu Ștefan GORJAN, Mihai BOTU	189
The identification of the climate profiles in the viticultural area doc Dealu Mare-Valea Călugărească. The database associated to the climatic profile - Liliana PÎRCĂLABU, Aurelia TUDORACHE	195
Influence of soil maintenance systems and fruit load on grapes quality under drought conditions - A. ȘERDINESCU, L. PÎRCĂLABU, L. FOTESCU	201
Evaluation of qualitative parameters of table grapes varieties in ecopedoclimatic conditions of the experimental field U.S.A.M.V. Bucharest - Marinela STROE, Carmen BEJAN	205
Use of primary ampelographic descriptors in establishing the similarity-difference degree between vine varieties with different origins - Marinela STROE, Marius Cristian ANDREI	213
The variability of the antioxidant capacity of red wines in relation with grapevine variety - Aurelia TUDORACHE, Elena BRINDUSE, Roxana PORUMB	219
Effect of a new complex of trace elements Microcom-V on some metabolic processes and productivity of <i>Vitis vinifera</i> L . - Sofia VELIKSAR, Simion TOMA, Dumitru BRATCO	223
Behavior of vine varieties with biological resistance under the south romanian conditions - Luminița VIȘAN, Ricuța DOBRINOIU, Silvana GUIDEA-DĂNAILĂ	229

VEGETABLE GROWING

Effect of foliar spraying with zinc and/or gamma radiation on oil content and oil composition of anethum graveolens during three developing stages - Hussein ABDEL-BASIT HUSSEIN SAID-AL AHL, Atef MOHAMED SARHAN, Abou-dahab MOHAMED ABOU-DAHAB, El-Shahat NASR ABOU-ZEID, Mohamed SAYED ALI, Nabila YAHYA NAGUIB	239
Floating hydroponic crops proposal: Tonle Sap lake, Cambodia - Vladimir BOC, Ioana STREZA	245
The influence of temporary protection on production precocity of eggplants cultivated on sandy soils in southern Oltenia -ElenaCIUCIUC	249

Techniques of companion planting for improving fruit quality and the protection against diseases and pests in tomato culture - Gabriel CORBU, Stefana JURCOANE, Viorica LAGUNOVSCI LUCHIAN	253
The grafting influence on some characteristics at a romanian eggplants collection cultivated in greenhouse - Mădălina DOLTU, Marian BOGOESCU	257
Biochemical changes in garden egg (<i>Solanum melongena</i> L.) fruits caused by fungi – Musa Filibus GUGU	261
Research regarding the influence of some rooting stimulators on the production of solano-fruited vegetable seedlings – Gheorghita HOZA	265
Effect of foliar fertilizers spray, boron and their interaction on broad bean (<i>Vicia faba</i> L.) yield-Ali Husain Jasim, Amir Sadiq Obaid	271
Local population of long hot pepper, 'cornul caprei' improved at V.R.D.S. Buzau-Costel VÎNĂTORU, Bianca ZAMFIR, Camelia BRATU, Petre Marian BREZEANU	277
Research concerning the acclimatization and breeding of <i>Momordica cochinchinensis</i>, a Cucurbitaceae species - Costel VÎNĂTORU, Bianca ZAMFIR, Camelia BRATU, Viorica LAGUNOVSCI	281
The impact of biofertilisers on the quality parameters of the pepper fruit (<i>Capsicum annuum</i> L.) in organic agriculture conditions - Veselka VLAHOVA	289

FLORICULTURE, ORNAMENTAL PLANTS, DESIGN AND LANDSCAPE ARCHITECTURE

Green infrastructures from the perspective of european institutions - Vladimir BOC	297
How to regenerate plantlets from protoplasts of <i>Fritillaria imperialis</i> - Esmail CHAMANI, Seyyed Karim TAHAMI	301
Contributions to the development of alternative forms of active recreation - dirt par - Elisabeta DOBRESCU	311
Micropropagation of <i>Orchis catasetum</i> - a rare and endangered orchid - Mohammad Vali FAKOURI GHAZIANI, Ahmad BAKER, Naser NEGAHDAR, Behzad KAVIANI	317
<i>Crambidae</i> associated with parks and ornamental gardens of Bucharest - Cătălin GUTUE, Minodora GUTUE, Ioan ROȘCA	323
Identification of male and female <i>Cycas revoluta</i> Thunb. before maturity using morphological and anatomical features - Behzad KAVIANI, Habib MAHTABI, Shahryar SAEDI MEHRVARZ, Mohammad Vali FAKOURI GHAZIANI	329

The effect of iron nano-chelate and cycocel on some morphological and physiological characteristics, proliferation and enhancing the quality of <i>Euphorbia pulcherrima</i> Willd - Behzad KAVIANI, Naser NEGAHDAR, Mohammad Vali FAKOURI GHAZIANI	337
The gardens of the central school in Bucharest - display of national history and outdoor cultural spaces - Alexandru MEXI, Maria BRATU, Elena GUDUMAC, Daniela LAZAREANU, Luana Andreea SIMION, Violeta RADUCAN	343
Using the technique of vegetal endoterapy against the horse chestnut's leaf miner (Lepidoptera: <i>Cameraria ohridella</i> Deschka & Dimie) - Margit PÁL, János BÁLINT, Adalbert BALOG	353
Militant ephemeral in Mogosoia ensemble - Violeta RADUCAN, Ioana STREZA	359

MISCELLANEOUS

The implementation of food safety management system in the horticultural products processing company - Adrian CHIRA, Lenuța CHIRA, Constanța ALEXE, Elena DELIAN	371
---	-----
