

CONTENTS

VEGETABLE GROWING

Code	Title	Authors	Page number
VG 01	The behaviour of some “mangetout” pea cultivars in the south part of Romania	Andrei Margareta, Atanasiu Nicolae, Purcărea Mircea	11-15
VG 02	Biological peculiarity and specific ecological requirements of some “mangetout” pea cultivars, cultivated in Romania	Atanasiu N., Georgescu Mihaela Ioana, Andrei Margareta, Luchian Viorica	16-18
VG 03	The mechanization technologies of the vegetable harvests by using the motovehicles in the small horticultural exploitation	Borugă I., Dobre P., Farcaș N., Frunză F., Popescu O.	19-22
VG 04	Iron nutrient disorders in soil – plant – animal - human system	Budoï Gh.	23-37
VG 05	Manganese nutrient disorders in soil – plant – animal - human system	Budoï Gh., Vasile G., Popescu V., Ciofu R., Badea E., Drăghici E., Petra O., Gavriliuță I.	38-50
VG 06	Researches concerning the elaboration of some new methods for studying calcium deficiencies in plants	Diaconescu Oana	51-58
VG 07	Comparison between <i>in vitro</i> and <i>ex vitro</i> germination on witloof chicory (<i>Cichorium intybus</i> L.)	Dobre P., Cucu N., Mușat N., Farcaș N.	59-63
VG 08	The effect of the treatment with <i>Agrobacterium rhizogenes</i> on the growth and development of the tomato plant	Dobre P., Frunză F., Mușat N., Farcaș N., Borugă I., Popescu O.	64-67
VG 09	Research concerning the adaptation of the precision seeder SPC – 6 to the onion culture initiation by direct sowing	Dobre P., Mușat N. , Farcaș N., Boruga I.	68-70
VG 10	The estimation of the productivity of some kings of pumpkin given the conditions of the ecological crop	Dobrin Elena	71-74
VG 11	Researches regarding the influence of nitrogen fertilization above growth, development and fructification of IH – 50 tomato hybrid, cultivated in solarium	Dobrin Elena	75-80
VG 12	Aspects regarding the variety influence on rooting system development in lettuce	Drăghici Elena	81-87
VG 13	The influence of Fitpol-C on the lettuce seedling chemical composition	Drăghici Elena, Burzo I., Chivulete Spiridon, Budoï Gh., Hoza Gheorghîța	88-93
VG 14	Studies regarding quality changes on tomato fruits depending on their position in blossom levels.	Drăghici Elena, Nicolae Daniel	94-97

VG 15	Research regarding the influence of the constructive and functional parameters of the active parts (components) of the green pea harvesters on the quality of the crop (harvest)	Frunză F., Borugă I., Farcaș N., Dobre P., Popescu O.	98-101
VG 16	Preliminary studies regarding tomato fruits obtained in an outside non polluted environment	Hoza Gheorghîța. Draghici Elena, Nicolae Daniel, Ilie Ramona. Bușe Cristina	102-106
VG 17	The use as fertilizer of manure treated with zeolite on tomatoes and pepper field cultures	Jurcoane Ștefana, Albulescu Carmen, Atanasiu N., Neață G., Spetea F., Luchian Viorica	107-110
VG 18	Study regarding the influence of the harvesting moment on the nitrate content in lettuce	Neață Gabriela, Drăghici Elena, Brezeanu Creola, Brezeanu M.	111-114
VG 19	Research concerning early potato crops around Bucharest area	Neicu Eliza, Popescu V.	115-118
VG 20	Pyramid effect on certain morphological elements regarding salad production (CORA variety)	Nicolae L., Chilom Pelaghia, Marcel Dan, Gabriel Vlăduț	119-122
VG 21	The difference wetting influence on humidity dynamics, yield and economic efficiency on cucumbers crop in solarium	Radu Alexandra, Ciofu Ruxandra Ene Alexandru, Stanciu Florentina Roșu Mihaela	123-128
VG 22	The dynamics of differential humidity and its influence over production and economic efficiency in solarium grown tomatoes	Radu Alexandra, Ciofu Ruxandra, Ene A., Roșu M., Stanciu F.	129-134
VG 23	The influence of organic fertilization to the pepper yield, cultivated in an unheated greenhouse	Șovărel Gabriela, Popescu V.	135-142
VG 24	Studies about the biological and technological characters of some F1 asparagus hybrids in order to know their adaptability in our country	Țuțuianu Manuela, Petrescu C.	143-147
VG 25	Researches regarding heterozis effect for the early F ₁ tomato hybrids breeding in SCL-Buzău	Vânătoru C., Petrescu C.	-----

FLORICULTURE & DENDROLOGY

Code	Title	Authors	Page number
F&D 01	The behaviour study of some of the perennial herbaceous flower species in the environmental conditions of Craiova	Anton D., Nicu C., Manda M.	148-152
F&D 02	Aspects of <i>in vitro</i> micropropagation of <i>Rosa hybrida</i> , <i>Fuchsia hybrida</i> and <i>Pelargonium peltatum</i>	Bălan Viorica, Popa Gabriela, Plocon Crenguța Davidescu V.,	153-156
F&D 03	Research concerning the substrate pH modification used in ornamental plants culture	Madjar R., Neață G., Dima I., Lazăr G.	157-162

F&D 04	The study and proposals for solving of some problematic in relation with the green axis of Bucharest - the analyses of the transom: Baneasa airport - Victoria square, as first stage of the study	Dobrescu E., El Shamali S.A.	163-171
F&D 05	Hellenikon metropolitan park and urban development in Athens	Dobrescu E., Tudora I., Culescu D., Răducu A., Sandu C., Vişinescu R.	172-181
F&D 06	Researches regarding the influence of zeolites tuff upon <i>Hibiscus rosa-sinensis</i> and <i>Ficus elastica</i> growth and ornamental characters	Draghia Lucia, Volf Mariana, Jitareanu Doina, Zlati Cristina	182-186
F&D 07	The influence of foliar fertilizers used at ornamental plants	Draghia Lucia, Zlati Cristina, Birescu L, Jitareanu Doina	187-191
F&D 08	The behaviour of some species and cultivars of <i>Forsythia sp.</i> to vegetative propagation by cuttings	Dumitraşcu Monica, Stănică F., Laurence A., Mănescu C., Gălă R.	192-197
F&D 09	Micropropagation of garden plants: <i>Miscanthus sinensis</i> "Yakushima", <i>Gentiana triflora</i>	Enache Monica	198-203
F&D 10	<i>In vitro</i> stabilization and micropropagation of seven clematis hybrids	Gălă R.A., Arene L.	204-207
F&D 11	Researches regarding cutting propagation of clematis cultivars	Gălă R.A., Stănică F.	208-211
F&D 12	Contributions at the design methodology for an ornamental plant nursery project	Iliescu Ana-Felicia, Burda S.G.	212-217
F&D 13	Aspects related to the determination of the antioxidants in the case of some eatable flowers	Ivaşcu Maria, Gheorghe Campeanu, Ivaşcu Madalina	218-221
F&D 14	Researches related to the determination of some eatable flowers colour by chemical and bio-chemical methods	Ivaşcu Maria, Gheorghe Campeanu, Ivaşcu Madalina	222-227
F&D 15	Salinity resistance testing on some ornamental species: <i>Tamarix tetrandra</i> and <i>Symphoricarpos x doorenbossii</i>	Lazăr G., Davidescu V., Madjar R., Dima I.	228-232
F&D 16	Research regarding <i>Hydrangea macrophylla</i> ser. pots culture on different substrate	Neaţă G., Davidescu V., Madjar R., Dima I., Lazăr G.	233-236
F&D 17	Stimulation of the rhizogenesis and the forcing of <i>Hydrangea macrophylla</i> ser. for container production	Olteanu I. Petrescu C.N., Neaţă G.	237-241
F&D 18	A preliminary study concerning the restoration and the revitalization of the historical parkland of Bonţida	Răducan V., Panţu I.M.	242-247
F&D 19	Study of the evolution of Carol Park in Bucharest. Point of view on the placement of the People's Salvation Cathedral in Carol Park	Răducan V., Panţu I.M.	248-253
F&D 20	The revitalization of the "Village and Folk Art Museum" in Bucharest – a matter of landscape	Răducan Violeta, Dedu Iuliana Camelia	254-259

F&D 21	The improvement of technology for <i>in vitro</i> propagation of <i>Lavandula angustifolia</i>	Teodorescu A., Marinescu L., Tudor Radu C.M., Radomir A.M.	260-265
F&D 22	Landscape analysis and valuation methodology testing – case study: the touring zone of Cheia – Prahova County	Teodosiu F., Iliescu Ana Felicia, Fabian Claudia, Lazăr A., Panțu I. M.	266-273
F&D 23	Researches concerning the <i>in vitro</i> production of <i>Polyanthes tuberosa</i> L. planting	Toma F., Petra S., Dobrescu A.	274-281

FRUIT GROWING & TECHNOLOGY

Code	Title	Authors	Page number
FG&T 01	Researches regarding the biochemical composition of some interspecific cherry hybrid rootstocks	Asănică A., Cepoiu N., Bădulescu Liliana, Hoza D.	282-288
FG&T 02	Studies regarding the behaviour of some interspecific cherry hybrid rootstocks in nursery	Asănică A., Cepoiu N., Hoza D.	289-292
FG&T 03	Researches regarding the new plum varieties which will change the assortment in the Banat area	Băncilă M., Nicorici N.	293-297
FG&T 04	Researches concerning the possibility to obtain new hybrids rootstocks for peach	Bărbat Nicoleta, Cepoiu N.	298-302
FG&T 05	Researches concerning the behaviour of different rootstocks in the nursery	Bărbat Nicoleta, Păun C., Stanciu Iuliana, Cepoiu N., Dănăilă-Guidea S.M.,	303-305
FG&T 06	Morpho-productive particularities of a local population (PGO) of <i>Asimina triloba</i> (L.) Dunal, from Romania	Burzo I., Roșu A, Mărgărit G., Păun C.	306-311
FG&T 07	The effect of calcium treatments on some tomato fruit quality parameters	Chira A., Delian Elena, Chira Lenuța, Drăghici Elena	312-315
FG&T 08	Aspects regarding food safety and traceability	Chira A., Delian Elena, Chira Lenuta, Stoian Elena	316-319
FG&T 09	Researches concerning the gray mold (<i>Botrytis cinerea</i>) control on apricot fruits by postharvest heat treatment	Chira Lenuța, Stoian Elena, Chira A., Hoza D., Popescu Gh., Roman M.	320-323
FG&T 10	Researches on pear orchard ecosystem entomofauna in Baneasa-Bucharest area I. Pest and beneficial insect populations in pear orchard ecosystem in Baneasa-Bucharest area	Chireceanu Constantina, Drosu Sonica	324-329
FG&T 11	Aseptic control in the inoculation chamber and <i>in vitro</i> growth chamber for plant tissue culture	Cristea Camelia, Isac Valentina	-----

FG&T 12	The influence of foliar fertilization upon apple tree growing and fructification	Grădinariu G., Bireescu L., Istrate M., Zlati Cristina	330-334
FG&T 13	Studies regarding the reaction of some apricot tree varieties to the green pruning	Hoza D., Asănică A., Ciolacu D., Hoza I.	335-338
FG&T 14	Dwarf and semidwarf rootstocks for peach and almond	Hoza I., Ștefan I.	-----
FG&T 15	The effect of some factors on shoot regeneration from meristem culture of <i>Rubus idaeus</i> L.	Cristea Camelia, Isac Valentina	339-343
FG&T 16	The influence of tomatoes ripeness degree on their storage behaviour	Nicolae Daniel, Drăghici Elena	344-346
FG&T 17	Researches concerning the influence of high pressures on the dynamics of the fruits candy process	Nour V., Roșca A., Ionică M.E.	347-352
FG&T 18	Researches concerning the walnut regeneration capacity after the pruning	Păun C., Cepoiu N., Bărbat N., Stanciu Iuliana	-----
FG&T 19	Researches regarding nutrient solution fertilization on <i>Actinidia deliciosa</i>	Peticilă A., Davidescu Velicica, Madjar Roxana	353-356
FG&T 20	Pneumatical shock waves, a new nuts nucifer method	Roșca Adrian Stanciu Iuliana,	-----
FG&T 21	The behaviour of some persimmon's varieties in the Romanian Plane	Cepoiu N., Păun C., Bărbat Nicoleta Laura	357-362
FG&T 22	Influence quantification of the factors implied in the <i>in vitro</i> kiwi organogenesis	Stănică Fl., Armeanu Ileana	363-370
FG&T 23	Propagation of northern banana (<i>Asimina triloba</i> (L.) Dunal) using different grafting methods	Stănică Fl., Ghena N., Dănăilă-Guidea Silvana, Cotruț Ramona	371-377
FG&T 24	The effect of different fertilization systems on plum nutrition	Zagrai L., Zagrai I., Tigauan N., Wetterauer D., Maxim A.	378-384

VITICULTURE & OENOLOGY

Code	Title	Authors	Page number
V&O 01	Evaluation of the present potential of small producers in the Vrancea-Buzau area: The first edition of the contest „Vinul Podgoreanului”	Antoce Arina Oana, Nămolșanu I.	385-388
V&O 02	Influence of the material of the storage container (glass, stainless steel) on the content of chromium and nickel in wines	Avramescu Maria, Antoce Arina Oana, Nămolșanu Ioan	389-392
V&O 03	Research regarding the influence of the pruning type and bud load on the leaf permeability dynamics	Belea Mihaela, Bădulescu Liliana, Dejeu L., Burzo	-----
V&O 04	The characterization of the sandy soils from the vine planting Dăbuleni	Bishtawi Abdel Majid Ahmad Mohammad	393-398

V&O 05	Unconventional agro-technique viticulture in the Stefanesti-Arges vineyard	Costescu Adriana, Tebeică A., Popescu C., Dumitriu I.C.	399-404
V&O 06	Research concerning the dry matter accumulation at grapevine and its influence on grape quality	Dejeu L., Belea Mihaela Geanina, Mereanu Diana, Ionescu A., Enescu Mihaela	405-409
V&O 07	Aspects concerning the some factors which determined the erosion processes in the viticol plantations placed on sloping areas, with reference at the "Dealul Bujorului" vineyard, district Galati	Enache Viorica	410-413
V&O 08	The behaviour of some varieties and hybrids from the experimental vineyard from SCDVV Murfatlar at the downy mildew, <i>Oidium</i> and <i>Botrytis</i> in the natural infections conditions	Filip I., Ranca A., Guluta F., Beleniuc G.	414-421
V&O 09	Acclimatization of grapevine explants obtained <i>in vitro</i>	Grigorescu Mihaela	422-426
V&O 10	Research regarding the influence of the disinfecting factor so grapevine explants used for <i>in vitro</i> culture	Grigorescu Mihaela, Pomohaci N.	427-430
V&O 11	Biochemical modification induced by the presence of grapevine leaf roll associated virus 3 on mature plants (<i>V. vinifera</i> L., Fetească neagră cv.)	Guță Cătălina, Ștefan Irinel, Buciumeanu E.	431-436
V&O 12	Selection of <i>Saccharomyces ellipsoideus</i> strains for winemaking using a comparative study of their growth and fermentation capacity on various culture media, including grape must	Lita C., Antoce A.O., Begea M. Heroiu E.	437-440
V&O 13	Research works on the influence of grapevine cuttings over solar energy	Mărăcineanu L.C., Olteanu I., Cichi Daniela, Costea D.C.	441-444
V&O 14	Merlot cultivar Behaviour in viticultural ecosystem of Tohani Prahova department	Oprea A., Pomohaci C.M., Indreas Adriana, Marin Ion	445-448
V&O 15	Study concerning the content in resveratrol and antocyan at the variety Merlot obtained in Banu Maracine and Tamburesti Viticultural Centres	Olteanu I., Căpruciu Ramona, Cichi Daniela Doloris, Costea D.C., Mărăcineanu L.C.	449-453
V&O 16	The response of Feteasca Negra variety to different winter-eyes charges as a result of a dry-cut	Oprea A., Indreaș Adriana, Pomohaci N., Marin I	454-458
V&O 17	An anatomical survey of stems in some <i>Vitis vinifera</i> L. cultivars	Pădure I.M., Bădulețeanu, Ionescu C. E.	459-465
V&O 18	The importance of equalizing year for the experimental techniques in viticultur	Oprea A., Pomohaci C.M., Carabulea O.	466-469
V&O 19	Superabsorbante Fitpol-C used to obtain the material viticulture	Popescu C., Tebeică A., Costescu Adriana, Dumitriu I.C.	470-474
V&O 20	Researches concerning the influence of the fermentation temperature and the pressing on volatile compounds of wine flavour	Stoica Felicia	-----

V&O 21	Study on the potential in phenolic compounds of some pinot noir clones under the conditions of the viticultural centre Stefanesti-Arges in 2002-2003	Stroe M.V., Antoce A.O., Namolosanu I.	475-480
V&O 22	Rapid testing method for scion – rootstocks compatibility using <i>in vitro</i> micro grafting	Teodorescu R.I., Visoiu E.	481-486
V&O 23	Valuable vine varieties and rootstocks for superior wines, obtained by <i>in vitro</i> multiplication	Teodorescu R.I., Visoiu E.	487-494
V&O 24	Research Works Concerning the Lead Content of Wines in Some Wine-growing Centres of Târnave Vineyards	Babeş Anca Cristina, Pop Nastasia	495-498

BOTANY & PHYSIOLOGY

Code	Title	Authors	Page number
B&P 01	The substrate influence on the biochemical composition of tomato leaves	Bădulescu L., Dobrescu A., Dobrin E., Bălan D.	-----
B&P 02	The dynamic of some biochemical constituents in the seabuckthorn (<i>Hippophæe rhamnoides</i> L.) berries depending on the cultivar	Bălan R., Bădulescu L., Burzo I.	499-504
B&P 03	Physiological particularities of the seabuckthorn (<i>Hippophæe rhamnoides</i> L.) leaves	Bălan R., Bădulescu L., Burzo I.	505-508
B&P 04	Genotype influence on respiration process, endogenous ethylene production and electrical conductivity of flash tissue of six melon cultivars	Brezeanu Creola, Burzo Ioan, Ambăruş Silvica	509-512
B&P 05	Physiological and biochemical changes during the ripening process in <i>Cucumis melo</i> cv.	Brezeanu Creola, Burzo Ioan, Brezeanu Marian	513-516
B&P 06	Variation of photosynthesis intensity and chlorophyll pigments content in some plum cultivars	Cosmulescu S., Baciu A., Gavrilescu E.	517-521
B&P 07	Influence of methanol treatments on cabbage seedlings vigor	Delian E., Luchian V.	522-527
B&P 08	The photosynthesis process and chlorophyll content dynamics in cabbage plants influenced by the fertilizing system	Dobrescu A., Bălan D., Bădulescu L.	-----
B&P 09	Researches concerning the influence of the irrigation method on the physiological and biochemical processes in the cucumber plants	Dobrescu A., Bălan D., Ciofu R.	528-532
B&P 10	The influence of positive corona discharge on physiological processes in mustard plantlets	Giosanu D., Oprescu B., Fleancu m. Popescu S., Bălan D.,	533-536
B&P 11	The influence of high dose fertilization with waste compost upon the activity of some oxidases in the tomato fruits	Tamba-Berehoiu R., Neaţă G., Ciofu R.	537-540
B&P 12	The antioxidant activity of flavonoids from the medicinal plant, St. John's Wort	Sarca Carmen, Crozier Alan	541-546
B&P 13	Researches regarding the chemical composition of the <i>Hypericum perforatum</i> plants	Sarca Carmen, Burzo I., Crozier Alan Bădulescu L., Burzo I.,	-----
B&P 14	Physiological particularities of tomato mature leaves depending on the light incidence on plant	Dobrescu A., Delian E., Voican A.V.	-----

B&P 15	Researches regarding the light influence on the protein level dynamics in vegetative organs of tomatoes	Bădulescu L., Burzo I., Dobrescu A., Delian E., Voican A.V.	-----
-------------------	---	--	-------
