

TABLE OF CONTENTS

FRUIT GROWING&TECHNOLOGY

Code	Title	Authors	Page number
FG&T 01	Pest insect-associated fungi in Romanian orchards	A.M. Andrei, V. Fătu, A.C. Fătu, M. Tudorache	005-008
FG&T 02	New breeds and elites with perspective, with genetic resistance against the principal diseases and pests of the pear tree	N. Andreieş, Valeria Petre, Mihaela Erculescu	009-012
FG&T 03	The behaviour of some walnut biotypes in the city of Urteni, county Timiș	Aurelia Blidariu, Olimpia Iordănescu, Roxana Micu, Anca Drăgunescu	013-015
FG&T 04	The biological efficiency of some products for the combat against the San-José (<i>Quadraspidionus perniciosus</i> Comst.) louse under the conditions of the tree growing Voinești region	Cecilia Bolbose	016-019
FG&T 05	Some results in Clingstone breeding from south-eastern of Romania	Liana-Melania Dumitru	020-022
FG&T 06	The influence of the constructive and functional parameters of the sprinkling equipments in tree growing on the qualitative work indices	Gh. Erculescu	023-028
FG&T 07	Integrated management of weed control in stone-fruit orchard in a sustainable agriculture	M. Grădilă, V. Jinga, M. Popescu	029-032
FG&T 08	Research regarding the influence of distances between plants on saplings in Sapling's School	M. Gruia, A. Baciu, Sina Cosmulescu	033-036
FG&T 09	Researches concerning the influence of late frosts upon the apricot production of some varieties cultivated in conditions of the Didactic Station Timișoara	Olimpia Iordănescu, Roxana Micu, Aurelia Blidariu, Anca Drăgunescu	037-043
FG&T 10	Preliminary studies in designing for mathematical pattern for the apricot dieback	Maria Oprea, V. Jinga, M. Popescu, I. Cojocaru	044-049
FG&T 11	Preliminary results concerning the fruit rate-setting in peach tree by fruiting pruning	Beatrice Iuliana Sarkadi Măguran	050-054
FG&T 12	Soil maintaining methods implied in the apples quantity and quality increase in the intensive orchards	Gh. Petre, Valeria Petre	055-060
FG&T 13	Drip irrigation in the nursery – technological measure for increasing of economic efficiency	F. Stănică, P. Grivu, Georgeta Temocico, Eugenia Alecu	061-064

Code	Title	Authors	Page number
FG&T 14	Researches regarding climatic conditions interaction over apricot culture in Dobrogea	Elena Topor	065-071
FG&T 15	Researches regarding the herbicides applications influences over the peach-trees plantations	Aurora Venig	072-074
FG&T 16	The behaviour of some cherry varieties in the plain conditions of the north-western part of the country	Aurora Venig	075-078
FG&T 17	Research on the importance of leaf-falling chemical treatment against <i>Stigmina carpophila</i> fungus	C.R. Zală, C. Văcăroiu, Stelica Cristea, E. Docea	079-082
FG&T 18	Phytopsanitary condition of fruit-tree species in the Bucharest area in 2008	C.R. Zală, Stelica Cristea, D.I. Marin, E. Docea, Carmen Mihaela Cristea	083-086

VITICULTURE&OENOLOGY

Code	Title	Authors	Page number
V&O 01	Application of an ecological favourability index for the analysis of the production potential of the Viticultural Centre Pietroasa under the conditions of ecological viticulture	Arina Oana Antocea, I. Nămolosușanu, Maria Ivașcu, Elena Dumitru	087-092
V&O 02	Studies regarding the evaluation of the performance characteristics in order to validate a method for iron determination from wines using flame atomic absorption spectrometry	M. Artimon, I.Gh. Tănase, M. Pele, G. Vasile	093-101
V&O 03	Influence of the grafting wax types used for vine grafting on callosing during the forcing period and on vine quality within vine school	C. Burlacu	102-104
V&O 04	Preliminary results regarding the influence of agro technique system on soil microbiology and grape	I.C. Dumitriu, Monica Motounu, Cristian Popescu	105-108
V&O 05	Integrated Crop Management solutions to increase quantity and quality of the yield in viticulture at Pietroasele – 2006	I. Enoiu	109-112
V&O 06	Preliminary results concerning the biological control of some vine pest by using extracts of vegetable products	Ion Filip, Ciprian Cernățescu	113-118
V&O 07	Morphological and anatomical changes at several horticultural plants when are attacked by aphids	Vasilica Luchian, Elena Săvulescu, Minodora Tudose	119-122
V&O 08	Behaviour of several varieties of <i>Vitis vinifera</i> L. to the attack caused by <i>Colomerus vitis</i> Pagst and <i>Tetranychus urticae</i> Koch	Vasilica Luchian, Elena Săvulescu, Minodora Tudose	123-127
V&O 09	Grape dieback in Romania induced by pathogenic lignicolous fungi	Maria Oprea, Aurelia Podosu	128-133
